NOTE

1. Current expenses for the 2019-2020 academic year are subject to change. It is assumed that your tuition will be paid in full prior to coming to the U.S. to engage in your in-person residency.
2. Students will need to demonstrate the financial ability to pay the residency fee and estimated living expenses for the week of the in-person residency.
3. Living expenses are estimated to be \$750 on a weekly basis. Students can end up spending a little more or a little less depending on accommodations selected.
4. A student with a family should budget \$250 in additional funds for a spouse and each child. If your spouse and children will be accompanying you to the U.S. please let us know. We will need to know name(s), date(s) of birth and countries of birth for all dependents.
5. It is important for the student to know his/her government's regulations on currency exchange and bank procedures for the transfer of needed funds.
6. It is a student's decision to purchase outside insurance prior to their residency and visit.
